

Headteacher Update

1st July 2022

New Curriculum

We are embarking on a really exciting phase as a school as we are preparing to launch our new school values curriculum. We want our curriculum to help us achieve our school vision:

We believe in a world where all members of the Herbert Thompson community live with positive values and behaviours and have the aspirations and skills to lead happy and successful futures.

You are a very important part of this too! Please see our questionnaires that are live on Facebook so that you can share your views on what your child/ren should learn and the skills that they need.
