

Injecting Creativity Into ICT

Apps Installed on iPads at Herbert Thompson Primary May 2015.

Try them out. Let me know how you get on. If you find or hear of a great App you would like for your class please let me know.

App Title	App Symbol	Free or Purchased	Description
Safari		Free home screen App	The iPad internet browser.
Camera		Free	Used to take photographs.
Photo Booth			Take photos with fun photo booth effects.
Brushes		Free	Full screen painting
Maths Bingo		Free	The object of Math Bingo is to get a pattern of five Bingo Bugs in a row by correctly answering maths problems. Maths problems are presented at the top of the game screen. Feedback is presented at the bottom of the game screen. Correct solutions to problems answered incorrectly will be displayed.
Puppet Pals directors pass		£2.99	Simplicity of puppeteering and voicing characters while creating movies to share. Simply pick out your actors and backdrops, drag them on to the stage, and tap record. Your movements and audio will be recorded in real time for playback later. This app is as fun as

			your own creativity. Act out a story of Pirates on the high seas, fight as scary monsters, or play the part of a Wild West bandit on the loose. You can even combine any characters however you want! Your creations are only limited by your imagination!
Toontastic		Free	Lights, Camera, Play! Toontastic is a storytelling and creative learning tool that enables kids to draw, animate, and share their own cartoons. Everything is now unlocked!
Morfo *Like Crazy Talk on the PCs.		Free	Use Morfo to quickly turn a photo of a face into a talking, dancing, crazy 3D character! Once captured, you can make your face speak in a silly voice, disco dance, wear makeup, sport a pair of huge green cat eyes, suddenly gain 300lbs, and more. Morfo also comes with six fun, ready-made characters that you can play with right away. You can try Morfo on people, pets, or just about any object you can think of.
Beebot *Use this app alongside the Beebots, mats and Beebot software on the PCs.		Free	The app makes use of Bee-Bot's keypad functionality and enables children to improve their skills in directional language and programming through sequences of forwards, backwards, left and right 90 degree turns. The app has been developed with 12 levels encouraging progression. Each level is timed and the faster it is completed the more stars you get! The levels are set in a cute little garden scenario and will appeal from age 4 upwards.
Chicktionary		Free Option to upgrade to access complete app	Hatch some fun with the popular word game Chicktionary. Choose between the speed-play version, in which you have three minutes to find as many words as you can from a selection of letters, or try the long-play version and take your time to finish. Tap "Beak Sneak" for letter clues if you get stumped, or challenge your friends to a match online.
Maps		Free	Find a café. Find a restaurant. Or find yourself looking down on the Empire State Building. Beautifully designed from the ground up. Maps will change the way you see the world.

Pocket Phonics		Free Option to upgrade to access complete app	'satpin' reinforcement and letter formation
Audio Memos		Free Option to upgrade to access complete app	Recording voice.
Maths		Free Option to upgrade to access complete app	A range of quick fire mental calculation games-easy and hard levels of difficulty, (multiplication, division, subtraction, addition, number patterns, angles)
Calculator		Free Option to upgrade to access complete app	
Dictionary		Free

			minutes
Phonics Tic-Tac-Toe	 A green square icon with a white grid containing 'X' and 'O' characters. Below the grid, the word 'Phonics' is written in white on a green background.	Free	Children build language skills in a fast-paced game of tic-tac-toe! Fun, interactive game explores vowel sounds, syllables and more. For ages 6-8 years.
Chatterbix Kids	 A blue cartoon character with large eyes and a wide smile, holding a camera lens in front of its face. A small purple speech bubble with a white bird icon is above the character's head.	Free	Grab your camera! Let's ChatterPix! Chatterpix Kids can make anything talk -- pets, friends, doodles, and more. Simply take any photo, draw a line to make a mouth, and record your voice. Then share your Pix with friends and family as silly greetings, playful messages, creative cards, or even fancy book reports. AGES: 6-12.
Hopscotch	 A stylized letter 'H' composed of vertical bars in various colors (red, orange, yellow, green, blue, purple) on a black background.	Free	Programming made easy! Make games, stories, animations and more!
Math Party		Free	Math Party is a multiplayer mental math game for all from 5 years old
Shadow Puppet Edu	 A blue square icon with a white rabbit silhouette. A red banner with the word 'Edu' in white is in the top-left corner.	Free	Create custom videos that are easy to share! Combine photos and video clips with your voice and favorite song. Draw on screen, add emoji stickers, zoom and pan. Create videos to tell a story, explain an idea
Tellagami	 A blue square icon with a white speech bubble containing a smiling face. A small white smartphone icon is in the bottom-right corner.	Free	Tellagami is a mobile app that lets you create and share a quick animated video called a Gami A Gami can be an exciting tweet or status update. It can be a fun way to tell a story. It can be a thank you message or a vacation postcard. It can be a birthday greeting, party invite or cool way to share photos. The possibilities are endless!

Telling Time Free		Free	
Think 3D Free		Free	Explore and interact with 3D shapes on a screen like you never have before.
Bugs and numbers		£2.29	There are plenty of basic maths tasks to keep the children involved from counting games to basic fractions.
Hungry Fish		£1.49	Guide George the fish around the reef gobbling up number bond bubbles! If the fish has 5 on it, find a 3 and a 2 to eat or maybe a 4 and 1! Then progress to bigger numbers, subtraction This is great for basic number recognition at preschool level and Foundation Stage and allows Key Stage 1 children to practice their number bonds - better than number cards on the table any day! Key Stage 2 children in year 3/4 could benefit from the higher levels too!
Converting Fractions, Decimals and Percentages		£1.49	We like the fact that these apps provide a balance of teaching and instruction, opportunities to practise key skills and quizzes to test the learners knowledge. They cater for a range of levels and increasingly complex operations.
Toontastic Jr. Pirates		Free	Let's make a story! From the creators of Toontastic (iTunes Hall of Fame, NY Times "Top 10 Apps"), Toontastic Jr. Pirates is a playful storytelling tool for swashbucklers and scallywags as young as 3 to create their own pirate cartoons. Pick a beginning, middle, and ending - then animate your story just like a puppet show, recording your voice while you move the characters onscreen!
Green Screen by Do Ink		£2.99	You know what a "green screen" effect is, right? It's used in the movies to make it look like the actors have landed on an alien planet, and it's used on TV to make it look like your local news announcer is standing in front of an animated weather map. The green screen effect works by

			combining images from multiple sources into a single video. These images can come from photos or videos in your camera roll, or from the live video camera.
