

Herbie needs a friend

Can you help?

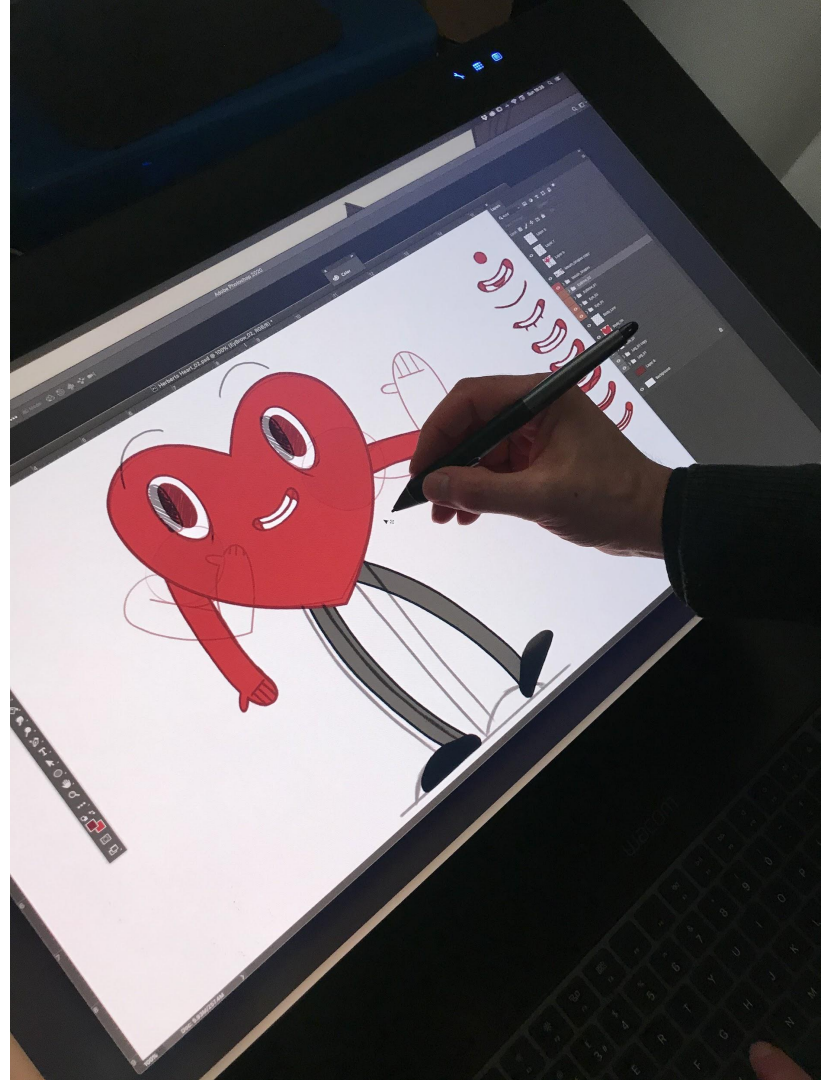

Herbie's Design

An illustrator, who has worked on lots of children's books and TV shows such as Jamie Johnson and Claude has been working hard to bring our Herbie's heart to life. He spent lots of hours drawing and changing the design.

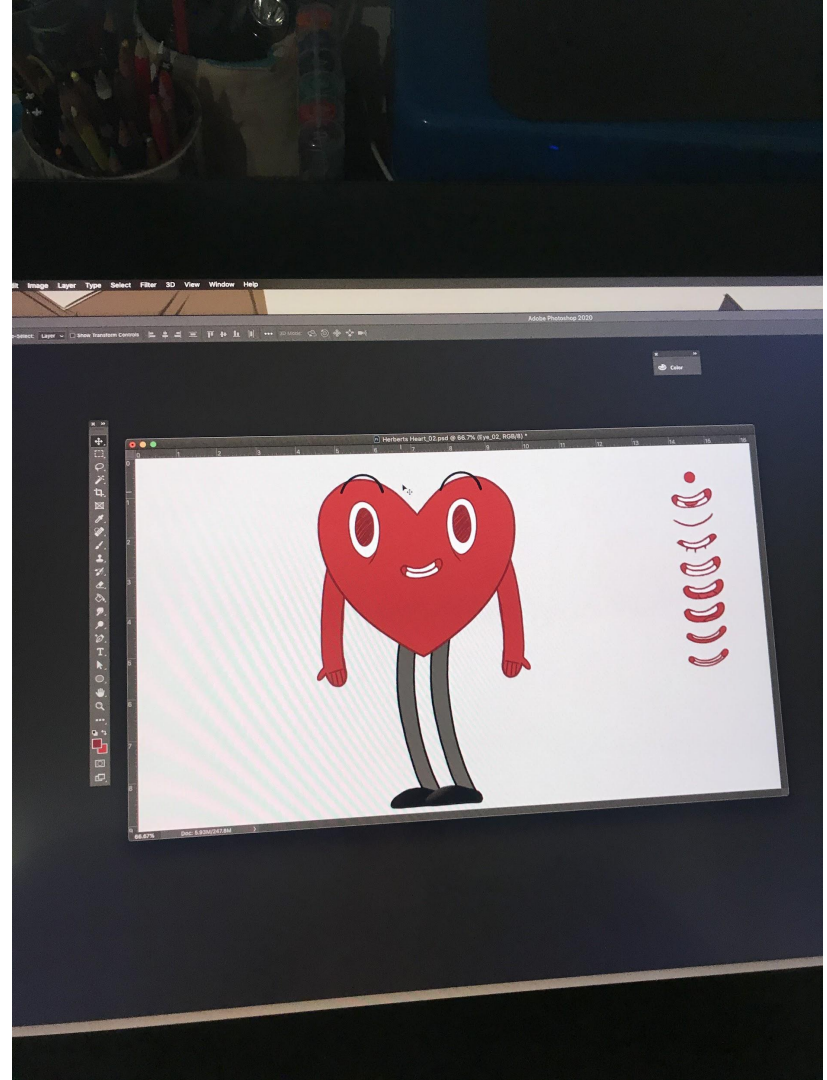

Designs

He had to practise
lots of different types of
legs and arms.

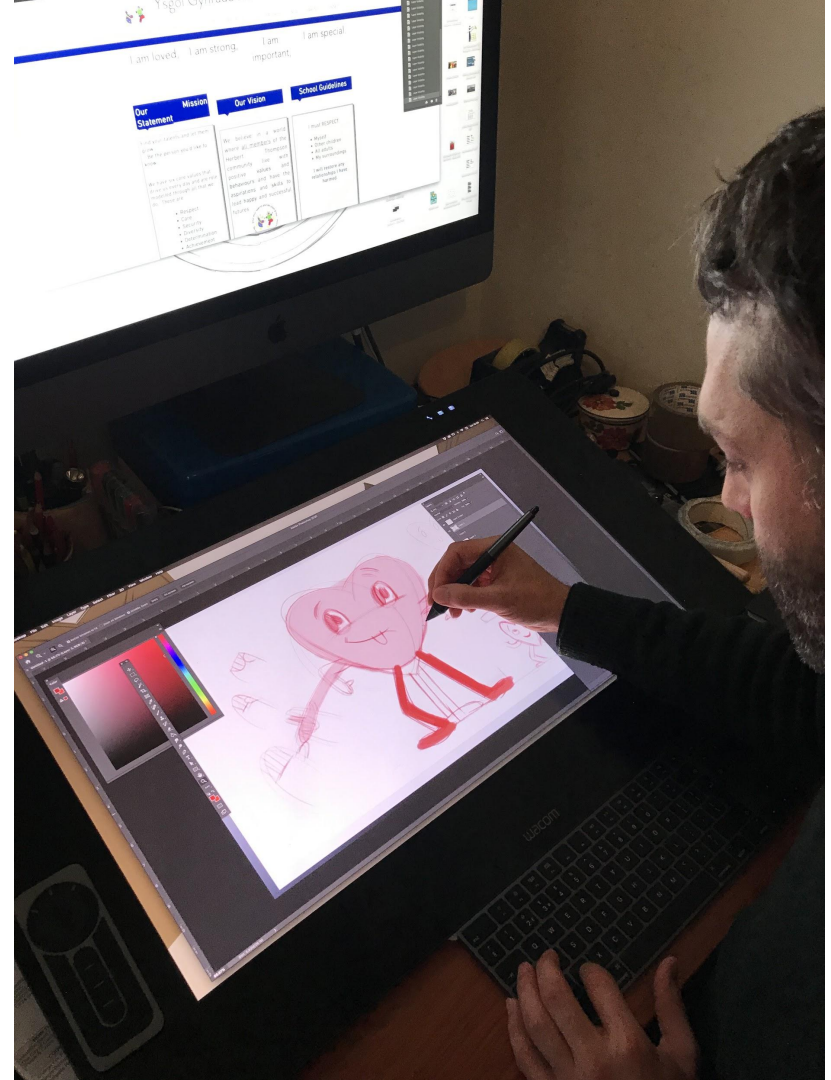

Mouths

He drew lots of different mouths so Herbie can have lots of different expressions.

Our Mantra

He even used our mantra to help him understand about what Herbie represents and what kind of character he is.

Your Challenge

Herbie is already missing everyone at Herbert Thompson and really needs a friend.

You challenge it to design a new friend for Herbie. Think about our mantra and values

when you are designing and try to include these features.
