

HTPS Headteacher Update - 30th November 2023

CONSULTATION

Cardiff Council are in talks to open a Special Resource Base at our school to support learners with Emotional Health & Wellbeing needs.

The base would include two classes (each with a maximum of 8 children) for ages 4-11 years old. The plan is that the classes will be opened within the school site in existing buildings but they would not be within the main school.

Children attending the base would be decided by Cardiff Council and the school. There would also be new staff appointed and funded by Cardiff Council to work in the specialist classes so will not impact on staffing at the school.

Please see the letter which explains the proposal in more detail.

It's important that you have a say as a family. You can share your views via the consultation link in the letter posted today.

There are also meetings in the community that you can attend to find out more and we are arranging one at school very soon.

I'll share the date as soon as I have it.

Thank you,

Mrs Marsh
