

Herbert Thompson Headteacher Update

12th January 2024

Happy New Year to all our families. Hope you had a good Christmas break. We have had a lovely first week back and we have some exciting things planned this term including some very exciting trips and experiences. There will be lots of opportunities to share what the children are doing.

Consultation about Special Resource Base

Before Christmas I shared that the council are looking at placing a Special Resource Base for Emotional Health and Wellbeing at Herbert Thompson.

The consultation is still live and we have a meeting planned with council staff on Monday 15th January at 3:10pm in the junior hall to discuss the proposals. Everyone is welcome.

They are also coming in to school to do a session with a sample of children to find out their views on the proposals next week.

*Wishing you all a great weekend.
Kind regards, Mrs Marsh*
