

# Headteacher Update

11<sup>th</sup> March 2022

## Amazing Eisteddfod Projects

Thank you so much for the superb effort with homework projects, we are thrilled with the children's hard work and have loved sharing them. We are so impressed we have decided to launch a half termly family project linked to our values topic. So the next one will be on **Security**. You can do anything you like, such as writing a story, making a model, creating a song or dance etc. The opportunities are limitless. Our awards assembly at the end of each half term will be a celebration of the wonderful work. This half term our focus will be security and you can send your projects from **Monday 4<sup>th</sup> April**. Every child who brings in a project will get 5 Dojo points as an extra well done!

## Security

Our value this half term is Security and when we talk about security we say: **We look after each other and keep ourselves and others safe.**

## Equipment in School

We are lucky to have play equipment and areas in school but we are noticing that children are using these before and after school which is not covered by our insurance and our risk assessment so please don't allow your child/ren to use the play equipment.

## Our New Edible Classroom

We are really fortunate to have a new Edible Classroom that has just been built on the junior yard. Edible Classrooms offer a lively, engaging, multi-sensory way to teach children about growing and eating healthy food. Our children are loving using this space for learning and planting vegetables and we have some exciting plans to grow food to be able to sell in Herbie's Hut. Watch this space!
