#EveryDayMatters

Children who attend more regularly do better at school.

- If your child misses two days off per month that means that they would miss a whole month of school.
- Every day matters - we really don't want our children to miss out.

ATTENDANCE

How do we help our children?

- Ensure they get plenty of sleep.
- Go to appointments after school.
- Holidays in holiday time.
- Always call school if our child is unwell and unable to come to school.

The more time your child is in school the more chance they will have of reaching their full potential.

If you need any support please speak to Mrs Perry in the office.

Legal Responsibility

If your child does not attend school regularly, you could face a fine or even prosecution.
